

About Investor Connect:

Investor Connect is a podcast program for investors and startups who want to learn more about early-stage funding. In each episode, we ask seasoned investors and entrepreneurs to share their experiences with the startup funding community. Each episode fosters the entrepreneur ecosystem by sharing best practices and thought leadership around venture funding and fundraising.

Investor Connect is a community program.

We welcome your suggestions for speakers and topics. No registration is required to use the Investor Connect resources.

Investor Connect Manifesto:

There are those who drift through life, and then there are those who live life on purpose.

Those are the entrepreneurs who are passionate about making a difference and seek to change the world for the better.

We share their inspiration and help them fulfill their passion. We celebrate their journey because they care enough to make a difference.

Never stop achieving.
